Subject: BDCP water quality review coordination

Hi Rich and Karen,

Thanks to both of you for returning my Friday call yesterday. I was at the Tidal Marsh CABA seminar. Let me know if you want my summary notes – I'm happy to share. It was pretty good! I am sorry I didn't have a chance to get back to you today earlier.

We are preparing a first round of comments on the preferred BDCP alternative for the lead federal agencies. I wanted to check in with you to see if we have similar concerns. Our comments are due on July 2nd and we have meetings next week with our headquarters in DC to discuss our initial and ongoing review. If you have time to meet next week or can share comments that would be really helpful. We will share ours when they're ready or just what we have completed so far.

I'm out the next three days, checking email only in the evenings, but I cc'd our NEPA lead, Stephanie. Let us know if you are interested in coordinating on this. I think it is really helpful so that we can be consistent with respect to Clean Water Act/water quality comments.

I think this kind of coordination will be really helpful as we approach the release of the official DEIS/DEIR.

Thanks and I hope you have great Wednesdays!!

Erin
